Map shows trails in York County.

- Indian Cellar Preserve – An 80-acre preserve with a trail system of roughly three miles. Some nice spots (potentially swimmable) along the Saco River.
- Googins Woods Preserve – While the trail system was a bit neglected in the winter of 2021 when I visited, I still enjoyed this quiet 30-acre wooded preserve.
- California Fields Wildlife Area – Poland Spring is reforesting the sandy area here, and the two loops – one is 1.5 miles, the other 1 mile, are easy to walk and bright.
