Map shows trails in Hancock County

- **Craig Brook Fish Hatchery** – More than 2 miles of fairly easy trails connect a lake and a pond, so plan on swimming if it's a hot day.
- **Great Pond Mountain** – A wonderful 1,030-foot mountain, with open ledges and views, and the clearest, bluest lakes below for a refreshing post-hike dip.
- **The Wildlands** – A 4,500-acre preserve, with lots of trails to explore, including Great Pond Mountain and Mead Mountain, both offering views.
