

Pittsfield

Map shows trails in Somerset County

Manson Park – A town park with all the usual amenities – baseball diamond, tennis courts, even an adjacent town pool – plus a swinging bridge, paved paths, and a lovely river.

Peltoma Woods – The riverside woods have about three miles of trails, many of them designed for mountain biking. The path along the river is pretty, and if the water level is low enough, you can see an ancient Native American fishing weir.

Pinnacle Park – This is a tiny alpine skiing spot! With a cute, tiny ski run! A half-mile unmarked track takes you to the top of the slope.
