Map shows trails in Washington County

- Pigeon Hill – For a pretty quick jaunt to the top of a little mountain, you get astonishing views. Additional trails will extend your hike in this pretty preserve.
- Petit Manan Wildlife Refuge – Two trails here—one slightly easier (Birch)—take you to remote and beautiful parts of the refuge.
- Eagle Hill Institute – The institute is dedicated to natural history education. It has opened up its 2.5-mile trail network—which includes trails down to the bay—to the public.
